

HALBRO WEEKLY

A weekly update from the world of Halbro and Raging Bull Sportswear

Fantastic to see the London Society of Referees in action last weekend, at the Rosslyn Park Social 10s Tournament. I think you'll agree the kits look brilliant! Credit to Jodie Rocket (Sponsorship & Events Manager at Rosslyn Park Rugby Club) who came up with the design and colour idea"

All of us at Raging Bull Sportswear cannot wait until the 2021 Rosslyn Park 7s. Over the next month we will be launching some kit bundle offers for all teams entering the tournament, keep an eye on the official emails being sent from the tournament organisers, our social media, and through the RPS7s socials.

Participating schools will also benefit from exclusive offers from Raging Bull Sportswear once entered.

FERGUS FARRELL LONDON & THE SOUTH EAST HEAD OF SALES

Very busy week with plenty of phone and video calls, working with some new clubs on some partnership deals.

It was brilliant to see so many of our schools back, and our sports teams either back playing, or moving closer in the return to play stages.

My highlight this week was visiting head office, working on a new project with Lynden Kirby (Halbro's Sourcing and Production Manager). The project involved the sublimation of bespoke garments, for bulk and online ordering.

It will massively benefit our customers, and make us more economical and environmentally friendly, so watch this space!
