

# HALBRO WEEKLY

A weekly update from the world of Halbro and Raging Bull Sportswear

## Scottish Women and Girls in Sport Week

What better time is there to announce our new womens fit shirts?!

Photos of our very own new ladies cut sublimated rugby jersey being developed In-House at HQ in Horwich - UK!

We have been hard at work behind the scenes, with Lynden Kirby (Production Manager) heading up the development of our new women's fit rugby jersey.

There has been lots of size fittings, spec alterations and testing sessions, with the final product we expect to be ready to launch at the end of November 2020.

This jersey coupled with our performance short, in popcorn stretch polyester, completes our own bespoke women's playing kit. Something we are really excited to be able to shout about.

## YOUNG CARERS

MYTIME Young Carers is the only charity in Dorset working specifically to support young carers and young adult carers aged 5-25.

Young carers take on a huge number of responsibilities to care for the people they love. As a result of their role they can often face disadvantages such as falling behind at school, limited time for social opportunities which then can affect their physical and mental health.

At MYTIME we work to level the playing field by providing young carers with the support, opportunities and friendship that every child deserves.
