Raging Bull and Halbro Sportswear have taken teamsport clothing to the next level. The new fully coordinated 'Cratus' team and training range is now available in stock from XSJ to 5XL.

Consisting of 8 expertly created and manufactured styles to include tech training-tee, contemporary polo, premium midlayer, heavyweight polyester hoody, shorts, lightweight gilet and contact top, plus a fully weatherproof ¼ zip hooded jacket.

The range is unique and distinctive due to its subtle contrast colour panelling and signature "Cratus" print design along with the use of premium technical fabrics.

John Moores, Director

"With over 100 years of experience in the sportswear market, we have taken another step forward with the Cratus Range.

We are extremely proud to launch Cratus, and with many more products on the horizon to follow, it is a very exciting time for us".

Fergus Farrell, Head of Sales

"After rigorous testing, we are excited to now offer the Cratus Range to all customers, new and existing.

The testing revealed how robust, durable and strong the garments are, which linked nicely to "Cratus", meaning strength.

The range of sizes we are stocking (XSJ to 5XL) make this a brilliant addition also to any team, club, business or school online store".
